ModuleWorks
Get There Faster.

Your career at ModuleWorks

ModuleWorks develops software components for the CAD/CAM industry that are used to control and simulate CNC machines and robots. With over 170 employees and more than 70% of the global market share, ModuleWorks is the leading company in this sector. To strengthen our team, we are looking for a

User Experience Developer (m/w/d)

Your profile
- Experience of working with prototyping tools
- Knowledge of user experience design principles
- Ideally, you are experienced in using the latest user experience frameworks
- A highly proactive approach to work
- Proven ability in the field of user experience
- Programming experience in a high-level language (C#, C++) would be an advantage
- Ability to work on your own, team spirit and flexibility
- Good English skills

Your role
As the contact person for user experience, after your initial training you will play a key role in the design and implementation of the next generation of our user experience. To optimize the user experience of our customers, you will pay special attention to the development of innovative interaction concepts and the creation of new forms of data visualization.

As a user experience developer with a focus on complex specialist applications, you will be responsible for the development of visually appealing user interfaces that help users to optimally perform specialized tasks.

You will work closely with product managers and software developers to master the challenges together as a team.

What you can expect from us
At ModuleWorks you will find a friendly working atmosphere in an international and young team. We do not believe in strict structures and rigid ways of thinking, but instead offer diverse tasks and encourage flexible development that goes beyond flexible working hours. Interested? Then get in touch with us!

We look forward to your application. Please check to make sure you have included all relevant documents. Only complete applications including work samples and salary expectations will be included in the application process. To make it easier for us to process your application, please include all documents in one PDF file!
