

ModuleWorks

Get There Faster.

Your career at ModuleWorks

ModuleWorks develops software components for the CAD/CAM industry that are used to control and simulate CNC machines and robots. With over 200 employees and more than 70% of the global market share, ModuleWorks is the leading company in this sector. To strengthen our team, we are looking for a

Product Manager (f/m/d)

Your profile

- Completed engineering studies (ideally with a specialization in manufacturing technology).
- Knowledge in:
 - CAD/CAM Applikationen
 - Machine tools or robotics
 - Methoden des Produktmanagements
- Comfortable with software development projects
- Very good English language skills

The position

As a product manager for software components, you are responsible for the further development of successfully established software solutions. A member of the product team, you will help shape the product strategy and roadmap and act as an interface to internal and external stakeholders. Developing specifications and UX mockups and conducting competitive analyses and benchmarks are also part of your tasks along with assisting our support team and giving software demonstrations and training.

What you can expect from us

At ModuleWorks you will find a friendly working atmosphere in an international and young team. We do not believe in strict structures and rigid ways of thinking, but instead offer diverse tasks and encourage flexible development that goes beyond flexible working hours and home office. Interested? Then get in touch with us! **We look forward to your application.**

Only complete applications will be accepted for the application process.
